## THE CABINET

Court of Claims Matter Discussed.

Important Statement by the Minister of Finance of the Present Condition of Treasury.

The Cabinet met yesterday morning in regular session. There were present President Dole and Ministers Mott-Smith, Young, Damon and Cooper. The minutes of February 19th were read and approved.

Some time was spent in the discussion of the Court of Claims matter with respect to its jurisdiction and the principles upon which a Court of Claims is to act. The matter is still held under consideration. It is quite probable that within the next few days the court will be constituted and duly organized and the commissioners appointed as already provided for.

Messrs. F. M. Hatch, L. A. Thurston and C. H. Kluegel were introduced in regard to the matter of the application of the Hilo Railroad Company to lay tracks on the makai side of the government wharf at Hilo, and after considerable discussion pro and con the matter was deferred for further action. The question of harbor extension was again taken up and it was decided that the authorization made on the 19th instant for harbor improvements should be reconsidered; it was voted that the Minister of the Interior be authorized to make the following expenditure under Act 63 of the Session Laws of 1898: Harbor improvement, Honolulu, \$69,675.00.

### Men in Charge.

H. C. Morton is to be the superintendent of the channel wharf. His assistants are W. F. Drake and Messrs. Buffington and Noah.

Surgeon George Strathmeyer has detailed the following Customs officials for duty on the wharf: Discharging inspectors, C. K. Spencer and R. J. Taylor; guards, J. McGuire, E. L. Miller, H. Lubeck and C. De Cow. There will be about thirty dock laborers to handle and store the freight received.

Quarters for the men have been provided, and they will be comfortably housed. A cook is to be taken along and all hands will go into quarantine today at the Healan Boat Club. It has been decided that the wharf shall not be used as a storehouse, but that goods discharged there shall be removed as quickly as possible. It is also to be the rule that no requests for freight by telephone be granted. A permit, signed by the proper officials, must be presented before goods are delivered from the wharf. It will be a case of "no tickes, no washee."

The boys who are to leave the city for their term of service on the wharf are around town this morning saying good-bye, for they know not how long.

### Court Notes.

E. F. Bishop has filed his account as trustee of the estate of James G. Hayselden.

D. Kahanu has filed a protest or objection against the sale by George Lucas, commissioner, of certain pieces of property numbered 3, 4 and 5 in the schedule of the estate of J. M. Dowsett, deceased.

It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Benson, Smith & Co., Ltd., wholesale agents.
